Read this manual carefully and follow the care instructions. Save this document for future reference.

### OPERATION AND CHANGING BATTERIES

1. Carefully remove the rubber seals from the bottom of the gazing globes.
2. Remove the battery cover.
3. Paying attention to the positive and negative terminals, gently insert 3 'AAA' batteries (not included) into each globe.
4. Replace the battery cover.
5. Slide the power switch to the 'ON' or 'TIMER' position.
6. Replace the rubber seals on the gazing globes.
7. Place the lighted gazing globes on a flat, stable surface.

### TIMER FUNCTION

When the switch is turned to the 'TIMER' position the light will illuminate for 6 hours then turn off automatically for 18 hours. The cycle will repeat until batteries have been depleted.

### TROUBLESHOOTING

- Ensure the power button is in the 'ON' position.
- Check to see if the power switch is turned to the 'TIMER' position; the globe may be in an 'off' cycle.
- The batteries may need replacing.

## ⚠ IMPORTANT INFORMATION ⚠

- Store indoors when not in use. Remember to turn the unit off when not in use.
- DO NOT mix new and old (used) batteries or batteries of different types, eg. rechargeable and alkaline.
- Remove batteries from product if storing for long periods.
- Always place the gazing globes on a flat, stable surface to prevent them from tipping over and breaking.
